### VENUE & ACCOMODATION

**Hotel Name:** Concorde Hotel  
100 Orchard Road, Singapore, 238840  
+65 6733 8855  
[singapore.concordehotelsresorts.com](http://singapore.concordehotelsresorts.com)

## TERMS AND CONDITIONS

#### Payments

All bookings made prior to the conference must be paid in full to guarantee registration. Once payment has been received, an email confirmation and a receipted invoice will be sent. If payment is not made at the time of booking, registration will be provisional. Bookings received less than two weeks before the conference date can only be paid by credit card.

#### Early Bird Rate

In order to qualify for any 'early bird' rates, booking must be received before the deadline date listed in the conference marketing material.

#### Substitutions & Cancellations

Delegates may nominate an alternative person from their organisation to attend up to 24 hours prior to the start of the event, at no extra charge. Should substitution not be possible, cancellation charges apply as follows:

- 8 weeks or more prior to start of event: 10% of the delegate fee,
- 4 to 8 weeks prior to start of event: 50% of the delegate fee,
- 4 weeks or less prior to start of event: 100% of the delegate fee.

All substitutions and cancellations must be received in writing.

#### Access Requirements

Delegates should advise of any special access requirements at the time of registration.

#### Registration Information

Registration information will be sent to registered delegates by email at least seven days prior to the event. Any delegate not receiving the registration information should contact us by email to [info@ibmata.org](mailto:info@ibmata.org)

#### Alterations to Programme

IBMATA reserves the right to make alterations to the conference programme, venue and timings. In the unlikely event of the programme being cancelled by IBMATA, a full refund will be made. Liability will be limited to the amount of the fee paid by the delegate. In the event of it being found necessary, for whatever reason, that the conference is postponed or the dates changed, the organisers shall not be liable for any expenditure, damage or loss incurred by the delegate. If by re-arrangement or postponement the event can take place, the booking between the delegate and the organisers shall remain in force and will be subject to the cancellation schedule above.

#### Speakers

Views expressed by speakers are their own. IBMATA cannot accept liability for advice given, or views expressed, by any speaker at the conference or in any material provided to delegates.

#### Photography & Filming

For promotional purposes, there may be a professional photographer and video production taking place during the conference. Delegates who do not wish to be filmed or recorded should advise the organisers by email to [info@ibmata.org](mailto:info@ibmata.org) prior to the event.

#### Data Protection

By submitting registration details, delegates agree to allow IBMATA and companies associated with the conference to contact them regarding their services. Delegates who do not wish to receive such communications please email events [info@IBMATA.org](mailto:info@IBMATA.org). The contact details of registered delegates will be placed on the attendee list which will be passed to sponsoring companies and to all attendees for them to see who is at the conference for the purpose of networking and meetings. Delegates who do not wish to be included on this list should advise at the time of booking.

#### Websites & Links

The conference and associated IBMATA website may link to other websites and networking tools provided for the convenience of the users. The contents of these websites are maintained by their owners, for which IBMATA and IBMATA take no responsibility. Neither can responsibility be taken for contents of any website linking to this website.

#### Insurance

It is the responsibility of the delegate to arrange appropriate insurance cover in connection with their attendance at the conference. IBMATA cannot be held liable for any loss, liability or damage to personal property.

**If you have any questions about these Terms & Conditions, please contact [info@ibmata.org](mailto:info@ibmata.org)**

Organised by:

The International Border Management and Technologies Summit is brought to you by International Border Management and Technologies Events Ltd (IBMATE) in association with the International Border Management and Technologies Association Ltd (IBMATA)

# Border Management & Technologies Summit Asia 2022

Singapore | 20-22 September 2022

## CONFERENCE SPONSORS & EXHIBITORS

### PLATINUM SPONSOR

SITA has been responding to the challenges of border control for over 20 years. Through our complete set of capabilities, our solutions help governmental agencies across the world to modernize and futureproof their borders ensuring they keep their country and their citizens safe. By implementing our solutions you will be able to identify high-risk travelers, whether known or unknown, wishing to enter your country. Having this information delivered in real time will help your governmental agencies to share information and stop these high-risk travelers from even boarding a plane. This will free up your resources to help facilitate the faster clearance of the low risk majority. We will provide you with the solution to have the right information at the right time in the right place.

### GOLD SPONSOR

Entrust keeps the world moving safely by enabling trusted identities, payments and data protection with the most complete portfolio of high assurance digital security solutions. With more than 2,500 colleagues, a network of global partners, and customers in over 150 countries, it's no wonder the world's most entrusted organizations trust us.

### SPONSORS & EXHIBITORS

Securiport LLC is a global leader in the design and implementation of civil aviation security, border management, immigration control, and threat assessment systems. Headquartered in Washington, D.C., USA, Securiport partners with foreign governments from around the world to provide its proprietary Civil Aviation and Immigration Security Services, a comprehensive security suite with secure biometric recognition, identification of potential security risks, criminal activity, and threat detection.

S2 Global | [screeningsolution.com](https://screeningsolution.com)

Verifying and screening identities is challenged by transliteration errors, typos, and different languages. Basis Technology uses AI and human knowledge built into algorithms to accurately screen names against watchlists. For national security missions, our text analytics uncover vital signals from diverse, multilingual data sources. Government agencies worldwide trust our software.

We are experts fingerprint technology and have successfully developed, manufactured and sold first-in-class products for capturing biometrics around the globe. Based on these long term experiences we will continue pushing the envelope for developing new biometric devices that meet the highest demands for image quality, capture speed and ease of use.

Located in Jena, Europe's hotspot for optical technology, we work within a network of specialized local and international partners for developing cutting-edge biometric sensor systems.

From hardware to software, from manufacturing to service – all our efforts are focused on high quality products that our customers enjoy using.
